Evidence of prosperity are seen east, west, north, and south.

Love P. Morton is willing to accept the Republican nomination for Governor of New York.

If the President should declare that "there is a God in Israel" it would make atheists out of a majority of the Republican party.

It is now said that the friends of Kolb in Alabama have abandoned their intention of contesting the governorship, and will run him for Congress.

5,000 negroes, members of the International Migration Society, will soon leave for Liberia, the government of that country having offered each immigrant twenty-five acres of land and agricultural implements.

Hon. Wm. L. Wilson has been renominated for Congress by the Democrats of his district. The convention was the largest and most enthusiastic ever held in the State. His reception was more than an ovation.

The passage of the tariff bill has caused a revival in the wool trade, notwithstanding the dire predictions of the Republicans as to the passage of the free wool provision. The people are rapidly learning to take the Republican predictions at opposites.

The first bloodshed as a result of the candidacy of Col. Breckinridge was reported from outside of the district. John P. King, of Fayette county, and a strong Breckinridge man, killed George Cook in Clark county, because the latter questioned the character of the women who attended the Breckinridge meetings.

The importance of having at the head of the Treasury Department a man thoroughly familiar with the intricacies of tariff laws is shown in the promptness with which Secretary Carlisle explains away the apparent inconsistencies and impracticabilities of the new tariff law which are now puzzling many of the Collectors of Customs.

Col. Charles Denby, Minister to China, is desirous of resigning, and having his son appointed to the office. Mr. Charles Denby, Jr., his son, has been Secretary of the Louisville and Nashville Railroad.

Republican Senator Leaves the Party.

Senator Jones, who has served 20 years as Republican U. S. Senator from Nevada, and whose present term will expire in 1897, has announced that he is no longer a Republican. He is an able man and has long been considered a standard authority on the silver question. He has had enough of Republicanism to convince him.

Notwithstanding the combination of the Populist and Republican and their claims of certain victory, the Democratic State ticket was elected in Arkansas by a largely increased majority last Monday. The straws are showing which way the wind is blowing.

Business is already beginning to revive in the gas belt. The Diamond Plate Glass factory at Kokomo, Ind., working 1,000 men is now operating day and night and Sundays, turning out more glass than at any period in its history. The Great Western Pottery Company, another large fuel consumer, located there, is operating at its full capacity.

One of the howlers about Democratic hostility to pensioners is that, A. Davis, a Republican editor at Maysville. This Democratic administration has just granted him a pension. Will he be just enough to spit his vapors? We fear not. He is of that partisan crowd of calamity howlers whose mission is to talk anti-Democratic in the bitterest terms and without regard for truth or justice.

A dispatch from Birmingham states that an industrial revival of the most pronounced proportions has struck Alabama since the passage of the Tariff Bill and the settlement of the miners' strike. Furnaces that have been idle for a year are being "blown in," and the iron trade is reviving. More coal is being mined in the Birmingham district than at any time during the last twelve months.

Ex-Speaker Reed divides the country into two sections, the North and the South. He says the South is peopled with fools and liars and the North with men of ability and business sense. It may be easy for the North to agree with him, but here in Kentucky and in other Southern states it is pretty hard to swallow. The statement was made in the course of a Republican speech. It is a sample of his argument.

A party of coal men from the North West have gone up the Big Sandy Valley, under the guidance of John C. C. Mayo, that prince of Big Sandy hustlers, and C. K. Lawrence, their active, but modest townsmen. This party is composed of some of the largest coal operators of Chicago and the larger cities of the Northwest, principally St. Paul, Minneapolis and West Superior. They are here making a complete examination of the resources of the Big Sandy Valley and with the above named gentleman to guide them, they will not fail to be favorably impressed. Both were in the city this week and are confident that it cannot be long till the development of the Big Sandy territory is assured. Ashland News.

Fourth-Class Postmasters in Luck.

Hereafter fourth-class postmasters will have another source of revenue to add to the many that now hold in the smaller settlements. How can it act as a necessary public for persons and witnesses in pension cases only, and charge the pensioner, not exceeding twenty-five cents, for each voucher to which he affixes the seal of his office. The new authority and emoluments in the village postmaster spring from an act approved on the 23d inst., which "requires, empowers and authorizes" them to administer any and all oaths required to be made by pensioners and their witnesses in the execution of their vouchers with like effect and force as officers having a seal, and such postmasters shall affix the stamp of his office to his signature to such vouchers.

The Mt. Sterling Advocate says in regard to the proposed railroad from Morehead, through Morgan county, to Caney:

"Capt. Brown talks to the people of Morgan county last week in regard to the building of a road from Morehead by way of West Liberty to Caney. The company has decided to build the road, and Morgan county will be asked to meet her subscription, which will be promptly done. Mr. Brown says his company will give \$100,000 to any company that will extend the Ky. and S. A. from Rothwell, and this amount with \$50,000, which could be given by Montgomery and others along the proposed line, ought to stimulate the C. and O. people to take up the matter. Our people should be in earnest and bring the matter promptly before Mr. Ingalls."

Among the landmarks of childhood that stand out in bold relief as our memory reverts to the scenes of our early life are more prominent than some others. The young mother vividly remembers that it was Chamberlain's Cough Remedy that cured her of a cold and in turn administered to her own offspring and always with the best results for sale by A. M. Messrs. Hammond and White have thirty acres of good tobacco across the river, but it has suffered from want of rain lately. The last rain we had did not reach their crop.

Last Monday was a new legal holiday in this State. It was declared yesterday by the Governor. The Bank of Louisa was the only institution which recognized the day here.

Mrs. Lou Sprague, of Buchanan, was brought before the court Monday and adjudged insane. The Sheriff took her to Lexington. She is about twenty years old and has been in the asylum before.

Mrs. John Chapman died in lower Louisa last Saturday afternoon, of fever. A husband and two small children survive her. The remains were taken to the old home place on the head of Blaine for burial.

Elder W. H. H. Adkins, of Polk-adotte, Ohio, will preach the funeral of old Mrs. Brannan and two other members of the family at the Cemetery near J. W. and H. H. Brannan's, the second Sunday in Oct.

Three courts were in session in Louisa at one time last Monday. Circuit Court, Commissioner's Court and regular term of Police Court. A large number of people were brought to town by these courts and the Institute.

Incredible as it may seem, scorching leaves from the recent awful fires in the Northwest have been carried to this place. Myriads of them have been seen on the ground here. We have had no forest fires, and the presence of the leaves here are accounted for in no other way.

S. H. Barton was adjudged \$5,000 for damages against his character by Lewis Thompson. In the case of A. L. Shannon, &c., vs Judge H. Webb, &c., a judgment was given on the merits, and an order issued to the lower court to release the plaintiffs from the Sheriff's bond. Divorces from their partners in life were granted to Sam F. Kelley, Maggie Adkins, Helen Lora and G. W. Lemings. A number of judgments have been rendered.

The grand jury adjourned last Saturday, having examined 137 witnesses. 71 true bills were found, as follows: 19 carrying concealed weapons; 11 unlawful mischief; 11 breach of the peace; 5 selling spirituous liquors; 1 furnishing spirituous liquors on election day; 3 grand larceny; 2 assault and battery; 2 unlawfully practicing medicine; 2 obscene language on railroad coach; 2 disturbing a congregation; 2 retail larceny; 3 unlawfully taking and using property of another; 1 keeping saloon open on Sunday; 1 selling spirits to a minor; 1 shooting at another in sudden heat and passion; 1 shooting at another in sudden anger; 1 detaining a woman against her will; 1 breaking into a store house; 1 wilful murder; 1 public nuisance; 1 concealing the birth of a child; 1 burglary.

James Lovejoy was granted a verdict for \$10,000 damages against Wm. Hughes for slander.

A warm time was had in Court last Monday over a road at Fallsburg.

Judge Kinner was sick Monday and Hon. F. T. D. Wallace was elected special Judge.

A Baptist Association is in progress about two miles out in the country, with a large attendance.

Rev. Condit delivered his interesting lecture on the Tabernacle at the M. E. Church Tuesday evening to a crowded house.

Col. Northrup has built a road from the dwelling on his farm down to the public road. A bridge has been built across Lick creek.

Dr. John Sturgill got the contract for the pauper practice for the ensuing year, and H. W. Pigg took the poor house at 30 cents a week per head.

According to reports received by the Louisville Post from nearly all the counties in the State it seems that Gen. Hardin has a decided advantage in the race for the nomination for Governor.

This shows how times are. The Building Association last night was unable to loan all of its money. All that was loaned went without a premium—something which has not occurred before for over two years.

Ben Stephens and Matt Borders, two young men living on Georges Creek, renewed an old family grudge last Monday and in the fight Borders was severely staided in the back. The wound is deep and serious.

The Institute met last Monday and will adjourn today. There is an enrollment of more than two teachers, and a good many visitors have been attending. Prof. Willis is an able instructor and seems to be well liked.

Rev. French left for Conference Tuesday with the best report that ever went up from his church in this place. The financial report was the best in this section, and will doubtless be one of the fullest presented at the Conference. We understand that there is a strong probability of the Conference being held at Louisa next year.

Last Saturday was the date fixed for receiving the names of those desiring employment on the dam at this place. 105 names were registered. Only about 60 men can be used—20 upon each of the three shifts and about 30 on the snags.

Men with families were given the preference on the list. Timbers for putting on the full force have been expected for some days and work will begin in earnest as soon as orders arrive.

Ulram Hurley applied at the clerk's office a few days ago for license for the marriage of his twelve-year-old daughter to John Mounts, a man about 26 years old. The clerk told him that he could not issue the license unless he would swear that she was 15 years, or more, of age. He said he would not like to do that. He went to his deputy in the country, however, and secured the license and the marriage took place Sunday.

Several changes have been made in the course of study in the Louisa Graded School. The course in the High School now is as follows: Seventh year, Grammar, Literature, Higher Arithmetic, first year in Latin, and Elementary Algebra, Eight year, Geometry, Trigonometry, Higher Algebra, Caesar, Physical Geography and Natural Philosophy. The latest and most modern text books have been adopted and everything looks favorable to a successful school year.

POLITICAL FRACAS.

One Man Killed and Four Wounded.

The fight between Wilson and Cauden forces in West Virginia has been growing hotter and hotter until in some sections it has reached fever heat. This is especially the case in Wayne, our neighbor county. Wilson spoke the month of June Tuesday evening to a large crowd, composed largely of factions having differences of long standing. At the close of his speech Wilson drove away and U. S. Marshal S. S. Vinson took the stand for a brief reply. This incensed some of the Wilsonites, who started an effort to prevent Vinson from speaking. The attempt was met with resistance from the Vinson men, and from the use of rocks and clubs the participants soon began to use revolvers. A great number of shots were fired, resulting in the killing of James Frazell, and the wounding of Tobs Ferguson, Bob Frazier and Bob Bailey. Sam Ferguson was not engaged in the row, but was found on the roadside asleep and was struck in the face with a rock. Neither of the injured parties is seriously hurt. Frazell was not taking part in the row, but was in a conveyance starting for home. The ball struck him in the breast near the heart and passed entirely through. He lived about 12 hours. It is a deplorable affair.

The primary which is ensuing all the trouble will take place tomorrow. The feeling is so intense that a speaking and a disturbance almost always go together.

The Gang Routed.

The band of robbers arrested in Johnson county recently for robbing old man Randall met with positive treatment at the hands of the court.

George Pace pleaded guilty, but the jury decided otherwise and emphasized their conclusion with a sentence of four years in the penitentiary. Garfield Arnett confessed and got three years at the Capital. Lee Yates and Henry Frazell, the leaders, are posing in jail waiting for bail. Tobs Ferguson and Adamson are on \$1,000 bond. The latter turned State's evidence and told the whole story. The members bound themselves together by an oath. They had planned a number of robberies for the future.

Encouragement to Tobacco.

H. Feltman, Jr., representing the Morris House, a tobacco warehouse of Cincinnati, spent several days of this week in this vicinity investigating the tobacco crops. He expressed himself as greatly surprised and highly pleased over the prospects of this year's crop and especially in regard to the future of our county and our neighboring territory across the river for tobacco raising. We are being heard of out in the world.

DEMOCRATIC SPEAKING.

Gen. W. J. Hendrick will speak at Louisa, Ky., on Monday, September 17. Gen. Hendrick is one of the best speakers in the State, and no Democrat in Lawrence county should miss this opportunity. Everybody invited.

The attempt made last spring to replace County Treasurer Aug. Snyder with a Republican was renewed in the Commissioner's Court last Tuesday. The institution was wholly partisanship and it was thought that the effort must succeed because a majority of the votes were supposed to stand ready to elect the chosen candidate as soon as the way for an election should be opened. The fact that there was a more signal failure than the first, if possible, though a lawyer was imported to take part in the case, the court held that there was no vacancy in the office and would not to nullify April, 1895, the time designated by the new law for the election of County Treasurers. Though not visible in the flesh, the line of Italian hand of the Republican candidate for County Judge was plainly discernible in the proceedings. He led the fight last April, but this time he kept considerable space between himself and the Court; this space, however, was neutralized by an almost ceaseless flow of messages. A telephone line would have saved lots of leg service.

THE SMALLEST IS THE BEST.

There are a dozen well-known liver pills, but only one so effective that it can be guaranteed to give satisfaction, or the money refunded. Dr. Pierce's Pleasant Pellets are smaller, but better than the large, old-fashioned pills. The medicinal agents are refined and concentrated.

Every one suffers, at some time or other, from constipation, biliousness, indigestion, loss of sleep, and other troubles. If you take these little pills, you will find them easy to take, and they will work without shock. They are put up in little glass vials. Give the smallest, because a small quantity is all that is needed. They are pleasant to take, pleasant to retain, and they will work without shock. Keep them in mind and you will solve the problem of good health and good living.

Here's Your Diagram.

Through the medium of his paper the Republican candidate for County Judge again speaks of the election-officer matter to which we have twice referred, and taking his article literally it seems that he has not enough the drift of our remarks; therefore it is necessary to go into detail further than was expected.

He thinks we have attacked the officers of election, and that we have done "by implication" that they are "all good, upright and honorable citizens." Now, we have done neither. There is nothing in our utterances which can be so construed. Our attacks were directed entirely at the suspicious, selfish and partisan manipulation in connection with the list of election officers. It is the duty of the County Court to appoint officers of election.

The County Attorney suggested to the County Clerk (both officers of the County) that they prepare a list to submit to the Judge as an aid in the dispatch of business. This was done and the County Attorney took it in charge; but before the list reached the Judge the Republican candidate for County Judge somehow got access to it and the result was that when the list was presented in open court it was very much altered. Whole precincts were changed. True, some were not changed, but the general slaughter proves that something else besides conscience influenced the action in these few cases. Why were these changes made in secret?

What prompted the r. v. c. j. to meddle with the list? What has he to do with such matters anyway? Perhaps he feels that he is near enough the County Judgeship to be entitled to a hand in it, but the majority of the people "don't think" they want elections free from all suspicion, and any effort at trickery, whether successful or unsuccessful, is odious to them.

It is very noticeable that the r. v. c. j. did not explain why he was so much interested in the selection of officers, and what his objections were to men removed from the list selected openly. He certainly has denied by implication that they are not "good, upright and honorable citizens," and that he was not willing to trust his interests with them. His action implies that he expected to gain an advantage over his opponent by substituting those names. We are glad to know, however, that the reputations of the men warrant the belief that they think more of their oaths than of the interests of any candidate.

We want a County Judge who will keep partisanship out of the counts.

If this is not plain enough we will try again.

In allowing the tariff bill to become a law without his signature, the Chief Justice says the following of the President.

In his characteristic letter to Congressman Catherings, Mr. Cleveland fully, and it may be said satisfactorily, explains his action.

There are two points in this communication that stand out prominently, and are the keynotes to the whole, viz: the necessity for a tariff law, however crude, imperfect and unsatisfying it might be, to supersede the McKinley law, and the frank and manly admission by the writer that he does not claim to be better than the masses of his party.

In all this tariff muddle—and it has been a muddle—no one has charged President Cleveland with inconsistency. Nor can the charge be fairly made now that the bill has become a law minus his signature. Indeed, history will prove that Grover Cleveland has been the most sincere tariff reformer of the whole Democratic Administration, Democratic Senate and Democratic House of Representatives.
